Policy priorities for inclusive and resilient recovery

Universalize Social Protection Systems

- Designing integrated social protection systems
- Adapting and streamlining existing programmes
- Strengthening effectiveness through digitalization

Protect a Generation of Learners

- Using multiple channels
- Accelerating digital skills and learning
- Leveraging public-private partnerships
- Adopting curriculum flexibility

Advance Gender Equality

- Using social protection to meet women's needs
- Encouraging economic empowerment
- Accounting for unpaid care
- Tackling gender-based violence
- Supporting women's health and well-being

Build Inclusive Green Economies

- Managing medical and plastic waste
- Restoring and sustaining marine and terrestrial ecosystems
- Supporting local green enterprises
- Mobilizing biodiversity finance
- Low-carbon and climate-resilient recovery

Inclusion, Empowerment and Environmental Sustainability
